Refinements made on the Prototypes

All the feedback was taken from the test users and examined. Every one of their comments were taken into consideration as prototypes were created. Changes such as buttons shape and format were suggested.

The suggestions and comments from the Mr. Dinesh Balasooriya and Mr. Chamal Rajapaksha were taken into account and product have been developed according to their requirements and needs.

Refinements made on the Cover Page

PROTOTYPE – 1   PROTOTYPE – 2

The first image is the first cover page made for the product, the title of the book has a design and all the headings were also in that design. Comment for the design of the title of the ebook were not positive. Therby title was changed as seen on the second picture from the left hand side. The enter button was also changed because its shape and the colour looks unattractive. The cover
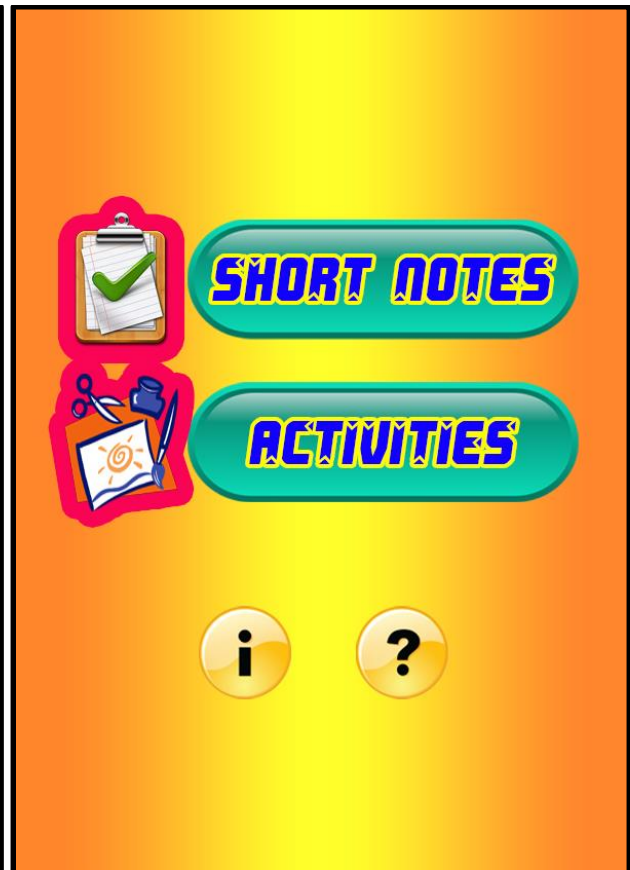

page photo, background colour were changed. Also a border added since test users suggested those improvements inorder to make the coverpage more attractive.

Refinements made on the Home Pages

PROTOTYPE – 1   PROTOTYPE – 2

In the first prototype, the test users said that the size of the button and the clip arts aligned to the buttons should be changed. Also they said that the font on the buttons should also be replaced to another shape. Whilst the client suggested that the added cliparts were not look attractive and told to make a few changes to those cliparts as well as the button text shape.

Refinements made on the Content Pages

PROTOTYPE – 1   PROTOTYPE – 2

Previous and next buttons in the prototype 1 were good and it give a professional look to the ebook but the colour of those buttons should be changed. Also the colour of the home button should also be changed. As mentioned above it was required make changes to the activities button and colour change of the above "Short Notes" heading. Clients state that the size of the activities button should increase because it bit small. Therefore, it is not make the ebook user friendly.

All the changes are done and second prototype is made. The second picture from the left (prototype- 2) shows all the improvements did.

Refinements made on the Question Pages

Prototype 1

ACTIVITIES

1. The first electronic computer in the world was

   1. UNIVAC   3. EDVAC
   2. EDVAC   4. None of the above

   [1] [2] [3] [4]

   ← SHORT NOTES →

Prototype 2

ACTIVITIES

2. One computer that is not considered a portable computer is

   1. Minicomputer
   2. A laptop Computer
   3. Tablet PC
   4. All of the above

   ← SHORT NOTES →

In prototype 2 there answer buttons and they were placed horizantally. Student told that they were not familiar with the question structure of the prototype 1. As a result, structure of the question is changed in the second prototype as shown in the above picture.
